You will work closely with the service, warranty and parts teams to ensure we deliver a professional and expert service to our growing base of clients. We strive to minimise the impact on our customers and business by being meticulous in detail with a proactive and solutions focused approach. The description of this role is outlined as follows;

1. Manage the daily operation of the workshop.
2. Monitor and manage all job cards and workshop documentation.
3. Supervise and manage all workshop Technicians and apprentices,
4. Ensure that all work is conducted and completed in accordance with Iveco procedures
5. Maintain high standards of housekeeping on the workshop floor.
6. Assist with the management of Health and Safety processes to ensure statutory and company compliance, environmental care and the maintenance of safety systems and safe ways of working within the service area.
7. Working with our established team of Technicians, leading by example and constantly mentoring individual performance.
8. Communicate with service advisors and clients to ensure that timely and cost effective work is always carried out.
9. Finalising all workshop jobs, including clocking and write up checks, quality control and sign off.
10. To undertake training as may be required from time to time including training provided by Iveco in the UK as may be necessary from time to time.
11. Hold appropriate driving licences to enable the Workshop Foreman under-take full quality control checks unaided on all vehicles in the HCV and / or LCV centres (NB - This is preferred but not essential).

### Essential Criteria

- Advanced/Higher Certificate (preferred)
- Previous automotive supervisory experience
- Preferred but not essential - Qualified HGV Technician: 3 years

Licence/Certification:

- Full Clean Driving Licence (preferred)
